The image shows a Zoom window titled "Select a window or an application that you want to share". It features two tabs: "Basic" and "Advanced". Under the "Basic" tab, there are several options: "Main Screen", "Screen 2", "Whiteboard", and "iPhone/iPad". Below these, a taskbar shows various open applications, including "네이버TV - Internet Expl...", "캡처 도구", "My Profile - Zoom - Chr", and "Zoom Cloud Meetings". A red box highlights the "네이버TV" application, and a red arrow points from it to a large red text box that says "SHARE 할 발표자료를 클릭" (Click the presentation material to share). At the bottom of the dialog, there are two checkboxes: "Share computer sound" and "Optimize for full screen video clip", both of which are unchecked. A red box highlights these checkboxes, and a red arrow points from it to another large red text box that says "공유할 동영상이나 사운드가 있다면 소리 공유 및 풀화면 최적화를 체크해주세요." (If you have videos or sound to share, please check sound sharing and full-screen optimization). A "Share" button is located at the bottom right of the dialog.
